

OUR RECORD OF **SUCCESS**

Our program transforms lives.

Each year, more than 125 homeless parents and children in 50 families live at the Family Center.

All families meet with a case manager weekly to address the issues that led to their homelessness.

Residents receive services they need to improve their physical, mental and financial well-being.

Parents save 70% of their income towards rental fees for their new home or apartment.

More than 80% of families exiting our shelter each year move on to stable housing.

“The most meaningful part of Union Station has been having a safe place for my children.”

-Joanne

- In the City of Pasadena, about 1,000 people are homeless on any given night.
- Families with children are one of the fastest growing groups among the homeless population.
- In Pasadena, more than 1 in 10 homeless persons is a child.
- With the rising cost of living and a shortage of affordable housing, a growing number of families are being forced out of their homes and into the streets.
