

WELCOME HOME KITS PROGRAM

Union Station Homeless Services' Welcome Home Kits Program helps us provide people moving in or out of one of our transitional or permanent housing facilities with a "Welcome Kit" of necessary items. This important program assists Union Station in meeting the basic needs of the people we serve as they rebuild their lives and escape homelessness. We need individuals or volunteer groups to provide basic household items from our Welcome Kits List below. If you, your family, corporation, faith-based, civic or social group would like to commit to purchase and deliver a Welcome Kits, please call us at 626-240-4550 x124 or email volunteer@unionstationhs.org.
